**The Care Group, LLC** is a statewide network of cardiologists, primary care physicians, dermatologists, an endocrinologist and an oncologist who promote world-class standards of patient care in your community. We have 138 physician and 10 cardiology fellows located at 66 sites serving Indiana's healthcare needs.

Our primary care physicians are board certified by the American Board of Internal Medicine and their offices are conveniently located in Indianapolis and surrounding communities. They offer evaluation, diagnosis, testing, and treatment of diseases, as well as promote healthy preventative and lifestyle choices for their patients overall well-being. They are committed to providing complete medical care and place great emphasis on education by providing helpful literature and resources. Our primary care physicians participate in a wide array of insurance plans.
