**** Sudden cardiac arrest (SCA) affects over 400,000 people each year and is the leading cause of death in young athletes. Ask any parent whose child has died from SCA and they will say three letters that might have saved their child's life...AED. Through the Reviving Hearts Program, \$2500 will provide one AED set that includes the AED, Carrying Case, Fast Response Kit, Alarmed Wall Cabinet, training, and post deployment follow up for one local high school. Thank you for your tax free life-saving donation.**
